PROFILE SUMMARY

IT undergraduate specializing in software development with hands-on experience in Java and MySQL, and a broader working knowledge of full-stack web development (React, PHP, C#, Python, Kotlin). Skilled in building desktop applications and designing user-friendly interfaces using Java Swing, with a strong understanding of OOP and database systems. Enjoys creating polished, well-structured digital products and is seeking an entry-level role to apply and grow technical skills on real-world projects.

EDUCATION

Higher National Diploma in Software Engineering - SLIATE Kurunegala	2024- Present
G.C.E. Advanced Level – Al Minhaj National School Hapugasthalawa	2022/2023

PROJECTS

Eranga Driving School Management Platform **React | Node.js | Firebase | JavaScript**
